

MEAT

Chicken, Pork and Beef Global Supplier

Ayamo is a trading company established in 2011 with the purpose of making a difference for all those who are directly or indirectly involved in the food and animal protein industry.

Since then, we have diversified our portfolio, expanded into new territories, and developed our supply to meet the demands of international markets.

Our specialized team provides with excellence all the necessary support for exporting meat, fish, meals and oils to all continents.

Ayamo's business culture is based on trust, relationship, love and commitment, always working with integrity and transparency in all our interactions.

And so together...
